Lone Star Division RLI

PARTICIPANT - PART I

Lone Star Division RLI

Greetings RLI Participants!

I am so happy you have decided to pursue leadership training to empower your ability to provide “Service Above Self” within the Rotary environment. This is your opportunity to “Find Your Passion in Rotary” and hone your leadership skills in your club and in your career.

RLI is a grassroots, multi-district leadership development program whose mission is to strengthen Rotary clubs through quality leadership education. Established in 1992, RLI has become a worldwide organization with divisions in every continent of the Rotary world. While it is an unofficial program of Rotary International, it has substantial support of many past Rotary International Presidents and current, past and incoming RI Directors. The RI Board has adopted a resolution recommending RLI or similar programs to the districts and the Council on Legislation has twice recommended RLI to the Board.

RLI recommends a curriculum and provides outlines and faculty materials to all its divisions. The curriculum has been continually revised and upgraded over the years. With annual updates and full review and upgrades at least every three years, RLI remains a vibrant up-to-date program filled with current information.

RLI is designed to provide an educational opportunity for Rotarians who are current and potential leaders. Participants receive a quality education in Rotary knowledge and leadership skills so important in voluntary organizations. And in the process, together we have a fun, engaging experience while building relationships that last far beyond the end of each course!

Pre COVID-19, the RLI courses typically were scheduled as three full-day sessions, with each session approximately 6 – 8 weeks apart. During pandemic year 2020, the Lone Star Division offered each of the three RLI Parts as four online 2-hour sessions via the Zoom virtual platform.

Some districts in the Lone Star RLI Division have now resumed the traditional in person classroom format. Other districts have embraced the customized online format and are offering their sessions virtually. The LSRLI Division will continue to provide some virtual sessions as recommended by the participating LSRLI Districts.

Whether you are attending the LSRLI sessions in person or virtually, I certainly hope you enjoy Part I and find the program valuable in developing your skills to pursue a leadership role within Rotary and other organizations you may be involved with, be it at your club, district, or any other Rotarian service you may undertake.

Best regards,

Sherri C Muniz

Division Chair, Lone Star Division RLI

ROTARY'S CORE VALUES

The world today is not the same as it was when Rotary was founded in 1905. Demographics have shifted, the pace of change has accelerated, and technology has created new opportunities for connection and service. What hasn't changed is a need for the values that define Rotary:

FELLOWSHIP
INTEGRITY
DIVERSITY
SERVICE
LEADERSHIP

By honoring our past and embracing our future, we can evolve and keep Rotary not only relevant, but thriving.

Rotaract Rising

May 2020 Issue of The Rotarian Magazine

by Vanessa Glavinskas

Editor's Note: This story originally appeared in the May issue of The Rotarian magazine. Since publishing, Interota has been postponed to 2021. [Learn more about next year's Interota.](#)

At midnight on 30 June, hundreds of Rotaractors will ring in the new Rotary year together. They'll also be celebrating Rotaract's ongoing evolution, including the expansion of Rotary membership to include Rotaract clubs.

Rotary programs include: Interact, Rotary Youth Exchange, Rotary Youth Leadership Awards, New Generations Service Exchange, Rotary Peace Fellowships, and Rotary Community Corps

Rotaract's elevated status within the organization was approved by Rotary's Council on Legislation in 2019 as part of an ongoing effort to make Rotary more appealing and welcoming to young professionals. "We keep telling Rotarians to find a way to bring in young people, when we have them already and we seem to forget them," says 2018-19 Rotary President Barry Rassin. It was Rassin who formally proposed expanding the definition of Rotary membership to include both Rotary and Rotaract.

After the Council approved revising the RI Constitution and Bylaws to **include Rotaract as a membership type**, the Elevate Rotaract Task Force — made up of both Rotaractors and Rotarians — was formed and began surveying members to come up with policy recommendations for the transition. "We're hearing from Rotaractors all over the world," says David D. Stovall, RI treasurer and chair of the task force.

On the advice of the task force, the RI Board of Directors in October approved several changes to Rotaract — the most notable being **the removal of Rotaract's upper age limit**. As of 1 July, members of Rotaract will no longer be required to leave their club when they turn 31. Clubs will still be able to set their own age limit, if they wish.

Rotaract clubs will be able to take advantage of **products and services** such as new leadership development resources from Toastmasters International, updated online goal-setting tools, and an improved online club administration experience.

Other changes: **New Rotaract clubs won't have to rely on a Rotary club to sponsor them**; they can now sponsor themselves or choose another Rotaract club as their sponsor. And **Rotaractors are now eligible — and encouraged — to serve alongside Rotarians on district and RI committees.**

Insert MRW-4: cont'd.

Rotaract clubs will also gain more support from Rotary International, including access to administrative tools on My Rotary and the option to [subscribe to the digital edition of Rotary magazine](#). As the transition from Rotary program to membership type gets underway, the Trustees of The Rotary Foundation also plan to discuss whether Rotaract clubs should be eligible to apply for Foundation grants.

Rotary has a new alliance with Toastmasters International, and Rotary's online learning center will host a curriculum created by Toastmasters that will help members improve their leadership and communication skills. To learn more, visit rotary.org/toastmasters.

In 2022, annual dues of \$5 per person for university-based Rotaract clubs and \$8 for community-based clubs will be introduced to cover the cost of additional support for Rotaract clubs. RI will work to develop and promote alternative funding sources to help Rotaractors pay dues, including fundraising opportunities.

1

Rotaract is now a type of Rotary membership.

2

Rotaract clubs will be allowed to sponsor other Rotaract clubs or establish themselves without a sponsor.

3

Rotaract will be open to all young adults 18 and over. There will no longer be an upper age limit of 30.

The Trustees encourage Rotaract clubs to work with Rotary clubs on global grant projects.

4

Rotaractors are now eligible to serve on district-level and RI committees.

5

Rotaractors will enjoy greater support, training, and access to tools from Rotary.

6

In 2022, Rotaractors will pay annual per capita dues of either \$5 or \$8.

Insert MRW-4: cont'd.

How were the changes to Rotaract decided on?

For several years, members of the RI Board, The Rotary Foundation Trustees, and Rotary committees, along with Rotarians and Rotaractors around the world, have been discussing how to recognize Rotaract clubs as Rotary clubs' partners in service. Rotaractors offered their ideas to the Board through RI's Rotaract Committee, at the annual Rotaract Preconvention, and through online surveys and focus groups.

Overwhelmingly, Rotaractors said they wanted more flexibility, more products and services, and more recognition from Rotary for the work they're doing. After the 2019 Council on Legislation voted to recognize Rotaract clubs as a membership type, 2019-20 RI President Mark Daniel Maloney created the Elevate Rotaract Task Force to discuss how to update Rotaract policies and create an inclusive, innovative, and flexible membership experience.

Does this mean Rotaractors automatically become Rotarians?

No. Members of Rotary clubs are Rotarians and members of Rotaract clubs remain Rotaractors. This enactment will not change the separate identity of Rotaractors.

Do Rotaract clubs have to pay RI membership dues now?

The Board agreed that Rotaract clubs should begin paying per capita dues in 2022 and is looking at ways to offset the cost to members through fundraising and working with sponsor Rotary clubs. The annual cost will be \$5 per person for university-based clubs and \$8 for community-based clubs.

Will Rotaractors be able to use Rotary Foundation funds for their projects?

Right now, only Rotary clubs may apply for global and district grants from the Foundation. The Foundation Trustees determine who is eligible to apply for global grants and would review any proposal to allow Rotaract clubs access to Foundation funds. The Trustees encourage Rotaract clubs to work with Rotary clubs on global grant projects. Rotaract clubs can also receive funding from district grants through a Rotary club. As always, Rotaractors can apply for scholarships and Rotary Peace Fellowships through the Foundation.

Why was the upper age limit for Rotaract membership removed?

Rotaract clubs are still intended for younger professionals, but the Elevate Rotaract Task Force and the RI Board decided that it was important to give Rotaractors the flexibility to decide for themselves when they're ready to leave Rotaract. The majority of Rotaractors surveyed believed that removing the age limit would either improve or not change their club experience and said they would still pursue joining a Rotary club in the future. Rotaract clubs will still be able to set their own age limit.

Insert MRW-4: cont'd.

Will Rotaractors still be encouraged to become Rotarians?

Yes! Rotaractors will be encouraged to join clubs that offer the experience they want at any time. Rotary clubs should continue to work with Rotaractors at meetings and events and on service projects. Since 2016, Rotaractors have been able to join a Rotary club while they are still active members of Rotaract clubs; that dual membership option will not change. Rotaractors can also start their own Rotary clubs.

Will Rotaractors be able to serve on or advise the RI Board or Trustees?

The Board and the Trustees value the input of Rotaractors and have recommended that the RI president appoint Rotaractors to committees. They will continue to discuss new ways to involve Rotaractors in the future.

Will Rotaract clubs be counted in Rotary's overall membership numbers?

No. Rotaract clubs will not be counted in the total number of clubs in a district, and Rotarians and Rotaractors will continue to be counted separately.

Where can I find the revised policies about Rotaract?

Starting 1 July, the Rotary Code of Policies, in chapter II, "Clubs," will have an updated article 12 titled "Rotaract Clubs." The policies related to Rotaract that were in chapter V, "Programs," under article 41.040 will be removed as of 1 July.

The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity for service;;

SECOND. High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;;

FOURTH. The advancement of international understanding,, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

The Five Avenues of Service

Based on the Object of Rotary, Rotary's Philosophical cornerstone and foundation of club activity:

Club Service focuses on strengthening fellowship and ensuring the effective functioning of the club.

Vocational Service encourages Rotarians to serve others through their vocations and to practice high ethical standards.

Community Service covers the projects and activities the club undertakes to improve life in its community.

International Service encompasses actions taken to expand Rotary's humanitarian reach around the globe and to promote world understanding and peace.

Youth Service recognizes the positive change by youth & young adults via leadership and involvement.

The Four-Way Test

From the earliest days of the organization, Rotarians were concerned with promoting high ethical standards in their professional lives. One of the world's most widely printed and quoted statements of business ethics is the Four-Way Test, which was created in 1932 by Rotarian Herbert J. Taylor (who later served as RI president) when he was asked to take charge of a company that was facing bankruptcy.

This 24-word test for employees to follow in their business and professional lives became the guide for sales, production, advertising, and all relations with dealers and customers, and the survival of the company is credited to this simple philosophy. Adopted by Rotary in 1943, the Four-Way Test has been translated into more than a hundred languages and published in thousands of ways. It asks the following four questions:

Of the things we think, say, or do:

1. **Is it the TRUTH?**
2. **Is it FAIR to all concerned?**
3. **Will it build GOODWILL and BETTER FRIENDSHIPS?**
4. **Will it be BENEFICIAL to all concerned?"**

Rotarian Code of Conduct

As a Rotarian, I will:

1. Act with integrity and high ethical standards in my personal and professional life.
2. Deal fairly with others and treat them and their occupations with respect.
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world.
4. Avoid behavior that reflects adversely on Rotary or other Rotarians.
5. Help maintain a harassment-free environment in Rotary meetings, events and activities; report any suspected harassment;, and help ensure non-retaliation to those individuals that report harassment.

Exemplary Global Grant Projects

Global Grants that exemplify what a project should be: a sustainable endeavour that aligns with one of Rotary’s areas of focus and that is designed in cooperation with the community to address a real need. These noteworthy projects demonstrate how your club can leverage the resources of the Foundation to do good in the world.

1. Equipping a neonatal intensive care unit in Brazil

Area of focus: Saving mothers and children

Host sponsor: Rotary Club of Registro, Brazil

International sponsor: Rotary Club of Nakatsugawa, Japan

Total budget: \$172,500

Background: Neonatal mortality rates were significantly higher in the Ribeira Valley area of southern São Paulo state than in other regions.

Scope: The Rotarians worked with the Hospital Regional Dr. Leopoldo Bevilacqua in Pariquera-Açu to determine the best approach. The grant provided equipment for the hospital’s neonatal ICU and provided prenatal care and breast-feeding workshops for pregnant adolescents.

Impact: Infant mortality in the region has been halved to seven per 1,000 live births.

2. Supporting Rotary Family Health Days in Uganda

Area of focus: Saving mothers and children

Host sponsor: Rotary Club of Kiwatule, Uganda

International sponsor: District 5500 (Arizona, USA)

University students and Rotarians trained residents in hygiene, food handling, and waste management.

Fun fact: A nearby village has asked the Rotarians to organize an RCC there.

Insert EM-2: Engagement Ideas: Delivering Value - Keeping Rotarians!

The Issue. While overall membership has remained stagnant, Rotary Clubs have gained and lost approximately 1.2 million members worldwide in the past 7 years—a staggering retention failure. Rotarians who leave for involuntary purposes (death, relocation, etc.) make up only 7% of the retention loss annually. Statistics from select regions in the Eastern US, Caribbean and South America show that the members who voluntarily leave are usually those who have been in Rotary less than 3 years (“Newer Members”). Newer Members indicate they stay in Rotary to: (1) serve their community, (2) network, and (3) represent their vocation and develop leadership skills.

The Fix. 10 easy-to-do ideas for your club targeted to address these issues and to meet the expectations of Newer Members.

 <p>Pair Bonding. Place newer members on a Newer Member Classification Committee tasked to review all club classifications and to pair newer members with more experienced members. Pairings are to be announced in club meetings. Pairs will sit together during designated meetings, at least monthly. Monthly discussion topics will be encouraged from the podium, such as club history, past club projects, vocational sharing, favorite make-up meetings, and ideas for new community service projects.</p>	 <p>A Minute in the Life. Newer members are scheduled for one-per-week, one minute club meeting podium summary of a job or career related service or product they offer, idea or opportunity in a one page, written format. Talks are not to go “off-script”, no “ad libbing”. Collect and post summary in weekly club program or on club website, with a link or reference to their business.</p>
 <p>Web-Connected. The name of every Rotarian in the club should be posted to the club website, with their business name linked to their individual or company website (voluntary and with permission). Rotarians should mention their Rotary affiliation on their individual or company website and link back to their club website.</p>	 <p>RLI Posse. Newer members should be financed by the club and sent in small groups to a convenient Rotary Leadership Institute near them, commuting together. The group should report back, as a group, at a club meeting, and should make and advocate for 3 proposals for innovation and /or new projects to the club and /or board. See www.rotaryleadershipinstitute.org</p>
 <p>Party Time. Organize clubs to meet once a month at a non-Rotary place and time for a “meet and greet” social and networking session. Clubs may sponsor the costs or it may be arranged “pay as you go” for Rotarians, with a very low cost. Mingling may be encouraged by use of varied passports, stations, “secret Rotarian” or other mixing strategies, if needed.</p>	 <p>Adopt-a-Class. Newer members partner with a local elementary or middle school teacher and class to perform a “hands-on”, low or no cost service project at or near their school. First step is a needs assessment with school administration or personnel. The whole club can be invited, but the newer members lead.</p>
 <p>“Flash Mob” Project. Charge newer member committee with organizing and conducting a single or multi-club “hands-on” community service project, maximum duration 2 hours. Document with video or photos. Present report at regular club meeting.</p>	 <p>Career-Share. Charge newer member committee with organizing and conducting a single or multi-club “Career Fair”, “Career Day”, or “job shadowing” event for local Middle School, High School, or College.</p>
 <p>How Do You Interact? Start an Interact club at a school with the younger age now allowed (12 and up), in Middle School. Newer members lead the effort, work with the school sponsor, attend meetings, and serve as Rotarian sponsor for the club.</p>	 <p>Fun Committee. It’s exactly what it sounds like! Staff with (mostly) newer members.</p>

Session Topics

- 1) You have been appointed to chair a committee to develop a new service project for your Rotary Club.
 - a) How do you start?
 - b) Outline the steps you should take.

"The time we take to serve those who need us can be the turning point, not only in their lives but also in our own."

*1980-81 RI Pres. Rolf Klarich
— Take Time to Serve
THE ROTARIAN, July 1980*

- c) Establish the procedure you would use to identify a need in your community.
 - d) How do you determine the feasibility and advisability of a project?
 - e) How will your club finance the project?
- 2) Develop a “business plan” for a service project. Consider the factors discussed above under Question 1.
- 3) How will you evaluate the success or lack of success of the project?
- 4) Review the plan for creative, “outside the box” alternatives or changes to the project. How could you make it “bigger, better, bolder?”
- 5) Fundraising or “Friend-raising”
- a) Discuss the differences between a community service project and a purely fundraising event. Can the two be combined?
 - b) How can a fundraising event also be a “friend-raising” event for Rotary? How can a fundraising event be used to inform and educate non-Rotarians about the good work Rotarians do, and thereby gain friends for Rotary?

- c) How much risk do we or should we take with service and fund raising projects?
 - d) Share fundraising ideas from Rotary Clubs that can help raise funds for “hands – on” projects.
- 6) We have discussed ways to do service projects so let’s do one. Turn to SP2 Alternative Service Project. Divide into 3 groups and solve the problem.

SUMMARY

Good Rotary Service projects require:

- Meeting a need today
- Creativity
- Sustainability
- Risk taking
- New ideas
- Keeping prior projects only if viable today!

Service Project A

Rotarians and community leaders have been concerned that there are not enough recreational facilities and activities for teenagers in the community. With little to do and no place to “hang out,” teenagers have been gathering at the shopping mall or the town square, sometimes getting into trouble and harassing older people and other teens.

A team of Rotarians visited the Mayor who agreed that more recreational facilities and activities are needed for teenagers, but the town budget cannot pay for a youth center, etc. The Mayor did say that the town has a vacant lot that could be donated or used for some purpose. It also has a vacant two-room school building that could possibly be repaired and used for teen activities; however, it has not been used for several years and is not in very good condition.

Service Project B

Members of your club have talked to the head of the local welfare department about possible projects, and she told them of an elderly couple who were largely confined to their home because they couldn’t navigate the 5–6 steps to the front of their home. They also had trouble climbing the steps to their bedroom and often ended up sleeping on a couch or even on the floor. The head of the welfare department asked if Rotary could help the couple in any way.

Service Project C

Members of your club have talked with the principal and some teachers and guidance counselors at an elementary school in town to learn the major issues for the students. Unfortunately, there are a lot of problems, but the educators believe that the most significant issue is that some third graders are far behind in reading skills, and some can’t read at all. What can your Rotary club do to help third graders become better readers?
